HAMBURG, Pa. (AP) — A big tractor truck crashed into a slow moving automobile today — and hurled it with such force into the rear of another truck that the four occupants of the car were killed outright. The truck carried explosives but there was no blast.

By first report, neither truck driver was hurt.

The auto was crushed between the two trucks in the collision on U.S. Route 22, about 15 miles west of this Berks County community.

Authorities said that owing to the condition of the bodies it might take many hours to establish the identity of the four.

One state trooper said, "It was as if they had been hit by a shell burst."

## ONLY TWO FIRE UNITS WITHOUT C. D. MONITORS

All but two Adams County fire companies have secured monitors which will permit participation in the "Quick Call" system for instantaneous warning in event of Civil Defense Emergency. Hugh Hoke, Camp Hill, electronics engineer and former CD official, reported Thursday evening at a meeting of the Adams County Association of Fire Chiefs at the Hanover Fire Company engine house.

Hampton and Greenmount fire companies have not made application for Civil Defense matching funds for monitors. Hoke said. He reported that Littlestown, Midway, Fountaindale and Conewago fire companies have ordered monitors and will be connected to the "Quick-Call" system in the near future.

Frank Linn, Gettysburg assistant fire chief, reported that 24-hour a day manning of the central radio station here will "probably go into effect about January 1."

Hoke reported that as of September 2 no Civil Defense matching funds for radio equipment will be available except to those whose base station has an emergency plant capable of operating for 14 days in the event of public power failure. The local CD radio transmitter has an emergency power plant which goes into use when electric power fails. The emergency plant operates on batteries and natural gas and is designed to run indefinitely in event of loss of the main current.

### No Arms For Fire Police

A committee comprising Frank Linn, Bernard V. Miller and Eugene Murren was appointed by President Glenn Ohler to have cards printed listing the number designations for main stations, companies, mobile radios, etc.

Bernard Miller read a letter from the state Attorney General which stated that the law governing the functions of fire police do not permit them to be armed.

E. J. J. Gobrecht, president of the Hanover Fire Company and John Foreman, chief of the Hanover company, welcomed the chiefs association.

John Hollinger, Emmitsburg, invited the Adams County chiefs to attend the Frederick County Firemen's Association meeting to be held at Emmitsburg next Thursday.

## E. G. MUMMERT KILLS HIMSELF WITH SHOTGUN

Elmer G. Mummert, 44, proprietor of Mummert's Garage in East Berlin, was found dead Thursday afternoon at 3:30 o'clock in a shed, behind his home, which had been used for the storage of used autos.

Dr. C. G. Crist, Adams County coroner, said death was caused by a self-inflicted shotgun wound. Dr. Crist said Mummert had apparently held the shotgun near his head and the shot tore off part of the skull.

State police said Mummert "was the type who worried a great deal." He recently took over operation of the garage from his father, August 25 four burglars broke into the garage and stole a 500-pound safe containing about \$400, and the titles to the new cars at the garage. Complications which would arise from loss of the titles may have also led to additional worry, police believe.

# NEW PLAN ON SCHOOL AID WOULD BRING \$97,364 HERE

Nine school districts in Adams County would benefit by a total of \$97,364 under bipartisan sponsored legislation introduced at Harrisburg this week "to increase subsidies throughout the Commonwealth and abolish fiscal discrimination against communities where substantial percentages of pupils attendance are in nonpublic schools.

The new reports from Harrisburg list these districts in the county which would benefit under the new bills and the extra amounts each would get:

Gettysburg borough, \$26,368; Conewago Twp., \$18,707; Cumberland Twp., \$9,695; Littlestown borough, \$5,992; McSherrystown, \$5,378; Mt. Pleasant Twp., \$12,012; New Oxford, \$6,721; Straban Twp., \$5,326; and Oxford Twp. merged, \$6,975.

## Offered In Both Houses

The authorization bill was introduced in both Senate and House. The Senate Bill is No. 1132. The House Bill is No. 2354.

Proponents of the measure said that it would authorize "a constructive change in the basic formula" for granting state appropriations to aid education. School districts in 53 Pennsylvania counties would benefit substantially by increased subsidies under the new law. All 14 others would receive some benefits. The additional state outlay required to correct the present imbalance, or "short-changing" of hundreds of school districts would not exceed \$35,000,000 a year, they added.

The new legislative proposal, termed the "fair-play" amendment to the state school code, would revamp the existing basic subsidy formula to credit school districts for all their school children—not just those in the public schools in the computation of the districts' wealth.

## Revision Of Formula

It was pointed out that the state's school subsidy program presently is weighted in favor of the smaller districts. However, it was emphasized, in the legislation now proposed the basic revision of the formula for educational grants would in no way penalize the smaller districts financially. At the same time, it would be of immediate aid in relieving fiscal distress of many larger districts which have reached the end of their local taxation resources to meet obligations for teachers' salaries and other expansion costs.

"Discriminatory" Now  
Advocates of the new bill declared that with its enactment the General Assembly will have created a consistent yardstick to include all pupils, whether they attend public schools, parochial or other private schools, as a proper contributing factor in establishing the wealth of the school district per teaching unit.

They cited the following example as typical of the discriminatory subsidy method now in use: If two school districts each have the same number of children and the same total market value of real estate, but one has 100 per cent of its pupils attending public schools and the other has 50 per cent of its pupils attending private schools, the two districts still are equally wealthy and should receive from the state the same basic subsidy per unit for public school pupils.

Under the present subsidy computation, sponsors of the new measure continued, the district with the 50 per cent non-public school pupils receives much less per unit.

## "Entirely Wrong"

Specifically, they added, a city like Pittsburgh has almost half of its entire student population attending schools for which they pay their own costs, and maintain themselves; thus it is "entirely wrong" to penalize those who support the public schools by making the local citizens pay more taxes because of the fact that half of the city's children attend private schools.

Philadelphia also has a high percentage of nonpublic school pupils and thus receives an inequitable share of Commonwealth aid under what is known as the state's instructional reimbursement formula.

That city obtained \$27.2 million in state school subsidy for this year. For 1960 the Philadelphia Board of Education is seeking \$13 million in increased local school taxes to finance accelerating school-board needs.

Sponsors of the bill said the issue does not involve a conflict of interest between the larger cities and the less populous centers of the state, because hundreds of school districts in scores of counties of Pennsylvania likewise suffer financially in varying degrees from the application of the school-subsidy formula as now computed.

## LAMB POOL WEDNESDAY

# Stolen Polio Vaccine Found

**MONTREAL (AP)**—A \$50,000 lot of Salk vaccine stolen by masked gunmen from a University of Montreal laboratory Monday has been recovered, although too late to help in Quebec's current polio outbreaks.

Provincial police had run down 19 tips without result. The 20th paid off.

A raid on an untenanted three-room apartment in East Montreal turned up the stolen shipment of 10,000 vials—enough for 75,000 inoculations—stored in a household refrigerator, a kitchen cupboard, and cardboard boxes strewn around the living room.

This vaccine cannot be used until tested on monkeys. That takes six or eight weeks.

The raid developed Thursday from a telephone tipster, believed to have been a nearby resident, who had seen cartons of vaccine being carried into the apartment by a man described as tall and about 40.

# SENATE AVOIDS CIVIL RIGHTS

**WASHINGTON (AP)**—Senate leaders were reported today to have decided to shunt aside a showdown fight over civil rights legislation until the next session of Congress.

Plans, however, call for tying on to the foreign aid appropriations bill a provision to extend the life of the Civil Rights Commission, which is due to expire in two months.

This strategy, designed to avoid a battle that could delay the adjournment of Congress indefinitely, was outlined by a senator unwilling to be quoted by name.

Southern senators opposed to any civil rights legislation are expected to fight against extension of the commission's life but not to wage an all-out filibuster against it.

The foreign aid money bill already has been passed by the House. The Senate Appropriations Committee has not yet acted on it but plans to add a separate section providing unrelated last-minute fund requests of the administration.

# MOOSE WILL BUY CANNON FOR "SHOOT"

The Gettysburg Moose lodge Thursday evening voted to purchase a cannon "so that this Civil War town will be properly represented" when the Civil War guns fire in shoots of the North-South Skirmish Association.

The local lodge voted at its meeting in the lodge home, York St., Thursday night to pay for a cannon which the members of Camp No. 1, local outfit named for the town's Company K of Civil War days, will take into "action" against other "cannon companies" of the skirmish group.

Company K will take part in its first national shoot garbed in Civil War costume and firing Civil War muskets at the North-South shoot at Pittsburgh October 3 and 4. It was not known immediately whether the cannon to be purchased by the Moose will be ready for use in the Pittsburgh event.

Other business at Thursday's meeting included preparations for participation in the Eastern Division convention of the Pennsylvania Moose Association to be held at York today through Labor Day. On Monday, 15 members of the local lodge, garbed in white shirts, blue trousers and special Moose emblem neckties will take part in the convention parade starting at 11 a.m. at York.

Chester Steffen, Selingsgrove, state director of the Moose, spoke Thursday evening on the "Moose Spark Plug" membership campaign which began September 1 and will conclude June 30, 1960.

# Interception Is Held Successful

**EGLIN AIR FORCE BASE, Fla. (AP)**—A supersonic Regulus I missile, simulating an enemy bomber, fell victim to a successful interception by a Bomarc guided missile.

The Bomarc made a scheduled near miss on the target over the Gulf of Mexico Thursday in the first of a series of launchings of the IM99A Bomarc against faster-than-sound simulated enemy bombers.

The interception was made at supersonic speed well above 35,000 feet.

The Regulus is capable of speeds of more than 1,500 miles per hour.

The radio-controlled Regulus was launched from the beach at Venice, on the Florida Gulf coast about 300 nautical miles from the Bomarc launching site on nearby Santa Rosa Island.

# X15 ROCKET SHIP CANCELS FLIGHT

**EDWARDS AIR FORCE BASE, Calif. (AP)**—An X15 rocket ship went aloft today for what had been scheduled as its first power flight, but technical difficulties cancelled the attempt.

The pilot Scott Crossfield jettisoned his fuel about an hour after the 50-foot-long black dart took off fastened under the wing of a B52 bomber. The two planes then headed back to earth.

There was no immediate indication as to the trouble.

A leak in a hydrogen peroxide line last week forced postponement of a scheduled power flight at that time.

The X15 is designed eventually to blast a man to the edge of space and return him safely.

The tiny ship made the round trip attached to a bomber piloted by Crossfield's buddy, Air Force Capt. Charles Beck.

# TWO MEN FACE SERIOUS COUNT

**WASHINGTON (AP)**—The FBI has charged two men with kidnapping and raping two young women who work for the FBI.

The Lindbergh law, the federal statute on kidnapping, was invoked Thursday against Ronald E. Garrison, 27, and Joseph L. Price, 30, both of Washington. Conviction could mean the death penalty if a jury recommended it.

The FBI used the Lindbergh law because the women were abducted on a Washington street early Sunday morning and taken across a state line to a lonely road in Maryland's Montgomery County, where they were raped. Garrison and Price denied they abducted or raped the women.

Both the men and the women are white.

The victims, who work as clerks in the FBI headquarters here, said the attack took place while they were returning home from a dance at a firehouse in Maryland.

Garrison and Price were arrested after agents questioned scores of people who had attended the dance. The victims then picked the men out of a lineup, the FBI said.

# Traffic Snarled By Crushed Tomatoes

**PHILADELPHIA (AP)**—A truck loaded with tomatoes blew two tires on a bridge ramp at the peak of the early rush period today, creating an hour-long traffic jam of thousands of cars on the Schuylkill Expressway.

Hundreds of baskets of tomatoes tumbled off the truck and splattered down the ramp. Even when the driver, Charles R. Sauder, 29, of Lancaster, had salvaged what he could, the highway was still clogged with crushed tomatoes.

State and city police teamed up on a king-size job of detouring traffic.

# WINS PRIZE IN DISTRICT 4-H DAIRY EVENT

Glenn Speelman, Littlestown R. 2, won the reserve championship in the Holstein breed with the two-year-old cow he entered in the 14th annual southeast district 4-H Dairy Show held Thursday at the Guernsey Sales Pavilion, five miles east of Lancaster.

There were 228 dairy animals shown by 4-H club members from 15 counties. Assistant County Agent John D. Naugle announced the following Adams County winners, by breed, class, place and ribbon awarded:

Holstein, David Slusser, Littlestown R. 2, senior yearling, 12th, white; Speelman, two-year-old, first, blue; Douglas E. Gitt, Littlestown R. 2, three-year-old, eighth, red.

Ayrshire, Larry Arnold, New Oxford R. 2, junior calf, eighth, white; Lowrey Clouse, Taneytown R. 2, junior yearling, seventh, white. Jersey, Gary Arnold, New Oxford R. 2, junior calf, ninth, red.

## Top Animals

All animals in the show were the top animals chosen at the county roundups in the respective counties. Speelman's cow is now eligible for entry in the state 4-H Dairy Show which will be held in the Farm Show building, Harrisburg, September 16. To be entered in that show, an animal must win a blue ribbon in district competition.

Ribbons were awarded on the Danish system, that is on merit rather than by place. Blue ribbons are awarded animals rating 90 or more points, red from 80 to 89 points and white for 70 to 79 points.

Counties participating in the district show, in addition to Adams, were Berks, Bucks, Chester, Cumberland, Dauphin, Delaware, Lebanon, Lehigh, Franklin, Lancaster, Montgomery, Northampton, Schuylkill and York.

## Panel Of Judges

Type judges for the district event were Jack Fairchild, Holstein breed classifier, and Harry Roth, of the Western Pennsylvania Artificial Breeding Co-operative.

Fitting and showing judges were Lee Bull, assistant director of the agricultural extension service, and Stephen Spencer, assistant county agent, Northumberland County.

The show was conducted by the agricultural extension service as part of its 4-H dairy program. Samuel H. Horn, associate Berks County farm agent, was show manager and was assisted by agents from all participating counties.

# DEFIES OUSTER AS ARMY CHIEF OF ARGENTINA

**BUENOS AIRES, Argentina (AP)**—Gen. Carlos Toranzo Montero today challenged the government's order ousting him as army chief, declaring that 95 per cent of the army was behind him.

Toranzo Montero made the statement after a tense night during which President Arturo Frondizi announced that troops were marching on military barracks where the general set up rebel headquarters. Only two tanks appeared near the barracks but they held their fire.

Shortly before dawn, Toranzo Montero conferred with Frondizi. He told newsmen afterwards the rebel officers are not seeking to overthrow the Frondizi government. Their dispute, the general said, is with Secretary of War Elbio Anaya.

"Waiting Spell"  
Toranzo Montero said he reached a truce with Frondizi and declared there now would be a "waiting spell" in the military crisis.

Government sources said the resignation of Anaya fired Toranzo Montero in a dispute over reshuffling of key posts in the army. Anaya declined comment after the meeting and said only the President would make an announcement.

Anaya had ordered the arrest of 17 army generals who refused to accept Toranzo Montero's ouster. Toranzo Montero quit the army during the regime of ex-dictator Juan D. Peron. The general returned to service after the 1955 revolution.

## BIKINI BALLET BRINGS POLICE DANCING CHECK

MALDEN, Mass. (AP) — The backyard ballet in bikini bathing suits, which has women neighbors complaining, will have two stars Saturday night.

Platinum blonde Dottie Ferragamo, 33, who measures 34-25-34, said today her 55-year-old mother, Mary L. De Marco of neighboring Revere, will join her in a series of exotic dances on the back lawn.

Mrs. Ferragamo says she likes to dance in her backyard in one of the 24 swim suits she owns.

**Neighbors Complain**  
The neighbors — the women neighbors, that is — complained to police that her performances are something less than cultural. Police investigated and found, they reported, that there was nothing wrong with Mrs. Ferragamo's attire or her desire to dance under the stars.

Her mother will wear a fish-net bathingsuit, she said.  
Mrs. De Marco told a newsman: "I'm a grandmother full of rhythm. I like to rock 'n' roll. It helps to keep me young. I think Dottie's neighbors are jealous old fogies."

Dottie's husband, Michael, 34, unemployed because of illness, said he'll operate the phonograph and play colored lights on his dancing wife and mother-in-law.

The Ferragamo's three small children will be permitted to watch, the curvaceous mother said.

## LAOS ARMY IS ASKING HELP TO STOP REDS

By DAVID LANCASHIRE

SAM NEUA, Laos (AP) — The royal army commander today armed civilians and sent out an appeal for reinforcements to stop Communists massing for an assault on this strategic town.

Brig. Gen. Amkha Soukhavong, whose command post for northern Laos is in Sam Neua, predicted the Red assault would come within 10 days. He said the situation "is not pretty."

Submachineguns and ammunition were handed out to government workers and schoolteachers hastily enlisted in the defense forces. The town's 2,500 population remained calm.

### Rebels Massing

The rebels were reported massing in jungle-covered mountains 27 miles north of Sam Neua but sent patrols probing forward government lines within 12 to 18 miles of the town.

One Red patrol attacked a royal paratroop unit at Muong Pane, only six miles north of Sam Neua. There were no details on the clash.

Amkha estimated the total Communist strength at 4,500. He said he had only one battalion in Sam Neua. A Laos battalion ranges from 400 to 800 men.

"We have six more battalions elsewhere in the province," he said. "But I cannot get them here. The world knows our problem. Why don't they send us helicopters and planes which would bring troops in and take out wounded?"

Amkha is building his main defense line 12 miles out with a handful of paratroopers manning more forward advance outposts.

### State Exempts Flag From Sales Taxes

HARRISBURG (AP) — The "Star Spangled Banner" is exempt from Pennsylvania's four per cent sales tax.

Charles M. Dougherty, revenue secretary, said Thursday that with the admission of Alaska and Hawaii to statehood, there will be a heavy demand for new flags with 50 stars. He added:

"As an emblem of American Democracy, with liberty and justice for all, the national flag is a symbol; its true worth lies in its intangible meaning rather than its intrinsic value as a red, white and blue banner."

However, patriotic display materials such as bunting, streamers, pennants and other flags are taxable, Dougherty said.

### Banned Book Is Getting Attention

WASHINGTON (AP) — A banned book is getting considerable attention on Capitol Hill. It is called "Design for Survival," and was written by Gen. Thomas S. Power, head of the Strategic Air Command.

"Contrary to reports," said Rep. John E. Moss (D-Calif.) today, "the book does not advocate preventive war."

Moss, as chairman of the House Government Information subcommittee, demanded an explanation from Defense Secretary Neil H. McElroy of why the Pentagon prevented the book's publication.

WASHINGTON (AP) — The Senate Armed Services Committee has delayed action on the nomination of Maj. Gen. David M. Shoup as commander of the Marine Corps. Chairman Richard B. Russell (D-Ga.) said Thursday, "We want to find out why he was not given a four-year appointment as required by law." Shoup received a two-year appointment.

WASHINGTON (AP) — A compromise money bill for military construction is up for approval in the Senate and House. The compromise was worked out Thursday by a conference committee. The bill totals \$1,363,961,200. This is \$199,238,800 less than President Eisenhower recommended, \$64,217,500 less than the Senate voted and \$78,958,500 more than the House voted.

## President

(Continued From Page 1)

across damp tarmac to his plane. Rain fell during the night but stopped by the time the President boarded a helicopter for the flight to Paris from Rambouillet.

The President wound up his last and perhaps most crucial discussions with De Gaulle Thursday night on a note of general agreement.

**In General Agreement**  
After two days of talks, the two leaders issued a communique saying they agreed on most of the questions discussed.

Whether or not there was agreement on the most delicate question of all—the rebellion in Algeria—was not readily apparent. The communique touched on the subject in vague language, saying only that "African problems in general and those which relate to North Africa in particular were discussed at some length."

There was speculation the French leader told Eisenhower of his new plans for ending the nearly five-year-old revolt in Algeria.

Diplomatic sources, however, were convinced De Gaulle outlined his plans and sought United States support.

Informed sources said the French President would make a statement before the United Nations General Assembly opens in New York Sept. 15. The Algerian issue is slated to come up in the U.N.

monthly at the public health services office on W. Middle St. and is staffed by personnel from the state hospital at Harrisburg. Appointments are made through Miss McMillan. No follow-up counseling or psychiatric service is provided but must be sought privately in outside facilities, it was pointed out.

**Need For Education**  
There was discussion of the need to educate the public on how to acquire available services and toward "acceptance of mental illness generally."

The need for "preventive services" and therapy in the county was pointed out.  
Mr. Rosner told the group, which forms the initial membership of the new association, that 37 counties in the state have mental health associations affiliated with Pennsylvania Mental Health, Inc. He said in the smaller counties the work is done on a volunteer basis and consists chiefly of holding educational programs with films and speakers aimed at creating a "better climate" toward mental illness and the need for treatment in its early stages.

**Nominating Committee**  
Mrs. Smith and Mrs. Shelley described the operation of the York County Mental Health Association and the York County Mental Health Center, two separate organizations. The center or clinic, they said, is made up of two units, one for treating adults and one for children. Both are for diagnosis and treatment and psychiatric counseling is provided also.

Miss Ramer, Father Spisak and Mr. Keefer were appointed to a nominating committee.

## Abandon Search For Ghost Bomber Lost 16 Years Ago

### COULSON TO HEAD ACFC

Howard E. Coulson, Orrtanna R. D., was elected president of the Adams County Federation of Clubs at a meeting Wednesday evening in the Littlestown Veterans of Foreign Wars home. He succeeds Irvin M. Seilhamer, N. Stratton St., who was elected secretary of the county association at the meeting.

Other officers elected were Robert Bauers, Littlestown, first vice president; Charles Bridinger, Littlestown, second vice president; Edward Loeffel, Littlestown, treasurer, and Merle L. Hankey, Gettysburg, sergeant-at-arms.

A moment of silence was observed for Bernard Selby, Littlestown, late secretary of the county federation, who died recently after being burned in a flash fire at his home. Retiring President Seilhamer and others spoke in memory of Selby, praising his work for the association of clubs, firemen and other civic endeavor.

Reports were read from the state association of clubs pertaining to legislation affecting clubs now being considered at Harrisburg.

The next meeting will be held October 7 at the Littlestown Eagles.

**By BRACK CURRY**  
WIESBADEN, Germany (AP) — The U.S. Air Force has given up its search for the remains of nine crewmen of a World War II "ghost bomber."

The American fliers parachuted into the Libyan desert from their B24 bomber 16 years ago after blasting Naples, Italy.

Their plane was found last spring by a team of geologists. It had apparently made a pilotless belly-landing on the hard-packed sand 440 miles southeast of the Libyan port city of Bengasi.

**No Combat Scars**  
The bomber bore no combat scars. Logbook, instruments and radio were untouched. Water jugs were full and flight gear was hanging from racks inside the plane.

Termination of the combined air-ground search leaves one of the great mysteries of World War II unsolved.

The search, which began July 5, covered more than 6,000 miles and no new traces of the missing crewmen were found, the Air Force said.

The first search by an investigating team uncovered a trail of markers left by the airmen—strips of parachute weighted by stones and flight boots. Searchers said this indicated that the majority of the men got together after bailing out and headed north toward the sea.

**Last Parachute**  
The expanded search in July used helicopters and vehicles.

"The only new discovery was another parachute. This accounted for the ninth crew member but it added nothing to clues since it was located nearest the wrecked aircraft indicating that it belonged to the pilot—the last to jump." The eight other parachutes marked the previously discovered trail.

dent. Classes will be sectioned where possible according to testing results.

A joint social program with the students of nearby St. Joseph College will feature a mixer dance at St. Joseph's on September 14 and a dance on September 17.

The 152nd academic year will officially open with the Mass of the Holy Ghost at 8:30 a.m. September 15 in the college chapel. Msgr. John L. Sheridan, P.A., will celebrate the Mass.

### FIFTEEN YEARS AGO

Henry Waltman New President Of Company Firemen: Henry Waltman, Littlestown, was elected president of the Adams County Firemen's Association at the annual Labor Day convention held Monday at Fairfield.

At a streamlined meeting, trimmed because of wartime conditions of parades and other frills, 103 delegates from 16 of the county's 21 fire companies assembled for two business sessions and adjourned at 3 o'clock in the afternoon.

George A. Martin, Littlestown, was elected vice president; L. U. Collins, was re-elected secretary; Dr. Eugene Elgin, East Berlin, was named treasurer, and the Rev. E. Richard Shaffer, also of East Berlin, was chosen chaplain. John Murren, Centennial, was elected county fire marshal and Clarence Deardorff, Cashtown, trustee for three years.

To Lift Polio Restrictions Here Saturday: Unless new cases of paralysis or meningitis develop in Adams county this week, the polio-control regulations imposed by health authorities on August 21 will be lifted Saturday, September 5, it was announced today by Dr. C. G. Crist, county medical director. He made this decision after conferring with health authorities in all sections of the county over the weekend.

Herman Hesse Captures State Chess Tourney: Herman V. Hesse, Bethlehem, who thrice before had held the state chess championship, recaptured that title Monday evening as the sixth annual tournament of the Pennsylvania Chess Federation ended its three-day meet here.

J. J. Yingling, New Oxford, Is Killed In Action: Technician First Grade John J. Yingling, 20, was killed in action in France on August 16, according to a War department telegram received by his parents, Mr. and Mrs. William E. Yingling, North Peters. No details were given.

2 Donors Join Gallon Club As 120 Give Blood: The Gallon Club of Gettysburg gained two new members Friday at the Red Cross Blood Donor station, but the county dropped far below its monthly quota of 160 pints as 68 persons failed to report for their appointments and nearly as many cancelled. Only 14 would be donors were rejected as the Red Cross received 120 pints of blood here during the afternoon.

The new Gallon Club members, who gave their eighth pint Friday are Justice of the Peace John H. Basehore, who is also GOP chairman in the county, and Gettysburg borough treasurer and Ernest D. Bushman, Arendtsville merchant, who is burgess and fire chief in his home town. There are now five who have given a gallon of blood here.

1,900 G-I Ballots Are Mailed Today: Clarence Smith, chief clerk to the county commission, reported that the first 1,900 military ballots to Adams county men and women in the services were mailed this morning. With the mailing tomorrow of the last 700 ballots for service men and women whose names were on the voting register, the county office will be "up to date" in its work.

Collect Nine Tons Of Paper: Nine and quarter tons of waste paper, a half ton of tin cans and a "small amount" of scrap iron and rags were gathered Wednesday by the Gettysburg fire company, it was announced today by Vernon Corle, salvage chairman for the company.

Four trucks—two of them fire trucks, a truck from Gettysburg Autoparts and one from the Citizens Oil Company—were used in the collection which started Wednesday afternoon and was completed in six and a half hours.

## Today's Talk

### NATURE'S COURAGE

We are born with a certain courage, but Nature steps in to give her aid and comfort. We are her children. There is a physical and a spiritual type of courage. Combined they radiate and give their all!

I look out upon the beautiful small spruce and hemlock trees—babies of the wood—and I marvel at specimens so perfect. Contrastingly I look out upon many giants of the forest, climbing, climbing, silent and full of purpose as they reach for the golden rays of the sun touching all in shadows and pure color.

I walk over and keep thinking of the courage of all creeping roots that station these towering hemlocks, white birch, and beautiful pines. All through nature you look upon courage and her contribution to mankind's march to the stars! At the feet of these emblems of God's power and planning are the delicate green mosses which cling to rocks and roots, like a rare tapestry.

I walk on the mossy paths that keep leading me to new discoveries. It's like walking on a carpet of velvet. What a delicate perfume the forest gives out. It tints the soul, as well, with strokes of color that could thrill any genuine artist with brush and paint. Yes, the forest is strong in courage. Passing by these lords of nature I gain personal strength and new courage for all my days, for I store these experiences and thoughts, through memory, in both mind and heart.

Tomorrow Mr. Adams will talk on the subject: "The Radiance of Light."

## ASKS ALL YEAR SESSIONS OF U. S. CONGRESS

WASHINGTON (AP)—Opposing a leadership drive for an early adjournment, Sen. Hubert H. Humphrey (D-Minn.) said Thursday Congress ought to "grow up" and hold yearlong sessions.

Humphrey, as aspirant for the 1960 Democratic presidential nomination, said he is against a proposal by Senate Democratic Leader Lyndon B. Johnson of Texas for unusual Saturday and Labor Day sessions in a drive to get Congress out of town by Sept. 12. "My view is that Congress ought to grow up to its responsibilities and recognize that the times demand that it stay on the job throughout the year," Humphrey said in an interview.

### Few Weeks Family Life

"We could provide opportunities at stated periods for members to go home without missing roll call votes and we could give them an opportunity to live at least a few weeks of family life."

Humphrey said that if Johnson hopes to get Senate action next week on a stripped down civil rights bill, he is entertaining "a vain hope." Humphrey said he will be ready with controversial amendments any time the issue is brought to the floor.

Johnson told the Senate Wednesday, after Senate-House conferees agreed on a labor reform bill, that if members buckle down to work they can look forward to an early adjournment. He listed civil rights as one of the legislative matters that must be disposed of before Congress quits.

## STATE SENATE DELAYS ACTION ON TAX BILLS

HARRISBURG (AP)—Final Senate action on legislation which would increase the tax on bank shares and extend the utility levy to include the gross receipts of gas companies has been temporarily deferred.

The Republican majority decided not to pass the measures Wednesday because several Democrats were absent from the session.

Sen. Charles R. Weiner, Democratic floor leader, contended that the delay was only partially due to the absence of Democrats. He said some Republicans were hesitant to vote on the tax measures until they had a chance to look them over.

### Need All Democrats

Asked if he would have all the Democrats present and ready to vote for the taxes when the Senate reconvenes next Wednesday, the minority leader said: "I don't know if it will be next week or perhaps the following Monday."

## DON DRYSDALE LOSES HIS FIFTH IN ROW; CARDS TAKE GAME 5-3

By ED WILKS  
Associated Press Sports Writer

If somebody's second-guessing Don Drysdale these days, it isn't the hitters. They've nailed him, and no doubt about it.

It was Drysdale who paced Los Angeles' climb into the National League pennant fight, winning 10 of 11 over two months and pitching the Dodgers within half a game of first place when he won his seventh in a row Aug. 8.

But the big right-hander hasn't won since—and he's been tagged for nine home runs in 29 innings through that losing span. He had given up just 13 homers through his first 208 innings while breezing to a 15-6 record.

**Fifth Straight Loss**

The St. Louis Cardinals, clubbing back when big guy Joe Cunningham was plunked with a pitch after hitting a homer, belted Drysdale for his fifth straight defeat, 5-3, Thursday night. The second-place Dodgers fell 2½ games behind San Francisco.

The Giants came from behind for an 8-5 victory over the Chicago Cubs on home runs by Ed Bressoud and the Willes—McCovey and Mays. It was the only other game scheduled in the NL.

Drysdale, who popped off recently about second-guessers among Dodger coaches, almost touched off a brawl when he sidled Cunningham, perhaps for several days, with a badly bruised forearm. Jersey Joe, hitting .350 and challenging Milwaukee's Hank Aaron (.358) for the bat title, hit a first-inning home run off Drysdale, then took a pitch on the right arm when he came up again in the third.

**Players Storm Mound**

Players from both benches stormed the mound as plate umpire Stan Landes advanced on Drysdale with a warning about close pitches.

When things quieted down, Drysdale didn't. He walked Bill White, then was chased by Ken Boyer's three-run homer that gave the Cards a 4-2 lead.

Bob Miller (3-2), a right-handed rookie, was the winner. He gave up two runs in the first, but then blanked the Dodgers on three hits until John Roseboro homered in the ninth.

**Chase Antonelli**

Both Bressoud and Mays drove in three runs for the Giants after the Cubs had chased 18-game winner Johnny Antonelli with three runs in the third for a 4-0 lead. Bressoud homered in a two-run third and tied it with a two-run single in the fourth. McCovey then broke it up with his 10th homer in the fifth loss losing reliever Dave Hillman (6-10). Mays added his 25th homer with a man on in the sixth.

Su Miller (8-7) won it.

## Eastern League

By THE ASSOCIATED PRESS

The fellows who design the Eastern League pennant are just about ready to print a big SPRINGFIELD across the flag.

The giants just about wrapped up the flag Thursday night with a 5-1, 3-0 doubleheader sweep over Albany.

Coupled with Williamsport's 3-1, 4-0 double loss to Binghamton, the victories gave Springfield a two-game lead over the Grays.

The season ends Monday.

In other games, third place Allentown, 2½ games out, beat Lancaster 11-3 and Reading took a pair from York, 10-5 and 7-3.

Springfield got excellent pitching from Julio Navarro (6-0) in the opener and Jim Duffalo (15-8) in the nightcap and capitalized in both games on the wildness of Albany pitchers. Navarro gave up five hits and Duffalo allowed six.

It was fine pitching, too, that hoisted Binghamton to its sweep. Jim Dunn (5-9) pitched a three-hitter in the opener and helped his own cause with a homer that broke a 1-1 tie. Len Ferguson (11-9) pitched the seven-hit nightcap shutout as Leroy Thomas led an 11-hit attack with a homer and triple.

Al Antinelli chalked up his 17th win in Allentown's easy victory over Lancaster. He has lost nine.

## Four Important Ball Games On Sunday Program

Four crucial games, two each in the South Penn and Pen-Mar Baseball Leagues, are on schedule for Sunday afternoon at 2 o'clock.

In the South Penn circuit, Mummaburg will play at Ardenstville and Jefferson will be at Brunsdown for the second games of their best-of-three semifinal series. Last Sunday Ardenstville triumphed 5-2 and Jefferson won 7-0. Repeat victories will send the winners into the championship series while losses by either one will mean a third and deciding game.

The games in the Pen-Mar League will decide positions for the Shaughnessy playoffs, scheduled to start September 13.

Most important is the game between Taneytown and Blue Ridge on the latter's field which will decide which team enters the playoffs as the fourth-place occupant.

Hanover plays at Fairfield and both are definitely in the playoffs. The winner will occupy the second-place slot and the loser third place.

## JIM HICKEY INHERITED GOOD SQUAD

By JACK CLARY  
Associated Press Sports Writer

Jim Hickey, who succeeded the late Jim Tatum as head coach of the North Carolina Tar Heels, inherited a gold mine of good football prospects. He's putting his stock for a successful season in fullback Don Klockach and quarterback Jack Cummings.

These two hold the key to the Tar Heels' Atlantic Coast Conference title hopes, a possible Sugar Bowl bid and a shot at the national championship in which they are given better than an even chance.

Hickey inherited 25 lettermen from a 1958 squad that had a 6-4 record. He has 77 aspirants in camp but makes no bones about the necessity of Klockach.

**In Better Shape**

"He is in much better shape than he was this time last year," Hickey said Thursday after watching the 230-pound senior from Fairhope, Sp., sparkle during a scrimmage.

After missing the first four games, he had a 5.4 rushing average last year, picking up 324 yards.

Cummings, a 6 foot 2, 192-pounder from Lower Merion, Pa., is North Carolina's aerial threat. His passing in 1958 gained 1,139 yards, 11 touchdowns on 68 completions in 134 attempts.

North Carolina gets its first severe test right off when it meets 1958 conference champ Clemson, Sept. 19.

**Others Getting Ready**

That date was the subject of active preparations elsewhere.

## LAST CHANCE SERIES OPENS FOR INDIANS

By ED WILKS  
Associated Press Sports Writer

Cleveland either takes two of three in that last-chance series opening at Chicago tonight against the first-place White Sox, or they're nothing but a bunch of dead Indians in the American League pennant race.

It's as simple—or as tough—as that.

A sweep would jump the White Sox 8½ games out front—enough to virtually lock up their first pennant in 40 years with 19 games to play. At the moment, their magic number is 18—any combination of Chicago victories and Cleveland losses totaling 18 gives it to the White Sox.

**Both Idle Yesterday**

Neither the White Sox, who named Early Wynn (17-9) to pitch tonight, nor the Indians, who picked rookie Jim Perry (10-6), played Thursday. In the only AL games scheduled, Baltimore beat Boston 5-4 on Bob Nieman's two home runs, and the Yankees whipped Washington 9-2 behind Art Ditmar, who had a no-hitter until Roy Sievers homered with two out in the seventh. The Nats finished with four hits.

The second-place Los Angeles Dodgers were knocked off by St. Louis 5-3.

**Wynn Beats Tribe**

Wynn, the old man with the young arm, has beaten the Indians eight times out of nine since they traded him to the White Sox two years ago.

Perry, a fast-balling right-hander, lost his only decision with Chicago in a duel won 2-0 by Dick Donovan last Saturday.

The Sox have taken 13 of the 18 games played between the two contenders this season. After the Chicago series, they'll meet for one more game — Cleveland September 22.

## OLMEDO TRIES HARD TO WIN U. S. NATIONAL

By THE ASSOCIATED PRESS

Tobin Olt, the two-way quarterback in the pros' language, is up to his proven tricks while pointing the Detroit Lions toward a new—and happier, they hope—National Football League season.

Rote, a passing quarterback who also runs, stayed at the controls throughout the Lions' exhibition game with the Philadelphia Eagles at Toledo Thursday night.

Coach George Wilson and the Lions—who wallowed with a 4-7-1 record last year—were rewarded with these accomplishments:

**Has Top Game**

Eighteen of 25 passes completed for 272 yards and three touchdowns, eight runs for 69 yards and one touchdown—adding up to a 35-24 Detroit victory.

Rote, now 30 and beginning his 10th pro season, packed four touchdowns into a wide open second quarter after the Eagles grabbed a 14-0 first quarter lead.

Baltimore's pro champion Colts seek their fourth straight exhibition victory against Pittsburgh's Steelers at Miami tonight, touching off another heavy weekend exhibition program.

**Has Worked Hard**

"I don't know Russell but I don't worry," Olt said. "I plan to play very hard to reach the finals and then I try very hard to win."

Since the Davis Cup Challenge Round last weekend, in which his surprise flop cost Uncle Sam the trophy, Olt has been working like a mule—often two hard practice sessions a day—to regain top form.

Olt is toposseed. In the bottom half of the draw his toughest rivals appear to be Earl Buchholz, Rod Laver and Roy Emerson. Neale Fraser, Australia's cup star, and Barry MacKay of Dayton, Ohio, head the upper bracket. They play Saturday.

## CONFERENCE FAVORITE IS HARD TO PICK

By HAROLD V. RATLIFF

DALLAS (AP)—Establishing a favorite in Southwest Conference football is tantamount to shooting fish in a barrel—it's just luck if you score a hit.

Coach Bill Meek of Southern Methodist, showing uncommon concern for the reputations of the critics, thinks it would be foolhardy for them to pick his team to win the championship.

Meek does admit that it should be the best team he's had in his coaching career and he further admits that Southern Methodist should be one of the favorites but he thinks Texas Christian and Texas should be ranked right along with him.

**Like Mustangs**

The critics, however, are going for the Mustangs with their great passer and quarterback, Don Meredith.

Obviously SMU should be strong. There are 25 lettermen and the backfield may be the best in the league with Meredith, Glynn Gregory, Bill Polk, Frank Jackson, Toney Wilemon and Jim Welch packing a threat in every move. The line appears most excellent, too.

**Texas Christian**, defending champion, has the most veteran strength. Coach Abe Martin has experienced Horned Frogs running out of his ears with 29 lettermen, 28 of whom were on the 1958 title squad.

**Good Prospects**

Texas comes up with 23 lettermen and three outstanding sophomore backfield prospects in Mike Cotton, Jim Sexton and Jack Collins. The Longhorns expect to be fast and boast more scoring power than the 1958 team that distinguished itself by giving Oklahoma a beating.

Arkansas is considered the best bet to break through this triumvirate if anybody does. There are only 17 lettermen at Arkansas but there's quality and there is sensational sophomore talent in Lance Alworth, who packs great speed and versatility.

**Other Contenders**

Rice is rated a threat. The Owls are big and strong and have picked up some fine sophomores, notably fullback Roland Jackson.

Texas A & M, still with the mighty passer, Charley Milstead, and with plenty of experience at most every position, should be better but isn't rated a good chance of winning the championship.

## Sport Shorts

**UNIVERSITY PARK, Pa. (AP)** —The Penn State football squad began banging heads together Thursday in its roughest drill of the training schedule.

Backs ran through pile and linemen blocked in earnest, but there was no tackling. That comes tomorrow in the first full-scale scrimmage.

Jim Kerr and Jack Urban alternated at right halfback during the workout. Kerr was last year's starter. Urban, a senior, was out most of last season with a broken arm.

**DALLAS (AP)**—Glynn Gregory was back at work and Southern Methodist's football spirits were on the rise today.

The star halfback, a victim of heat exhaustion Tuesday was discharged from a hospital and took part in passing drill Thursday.

Medical checks revealed no organic trouble.

**SPRINGFIELD, Ill. (AP)**—Lufkin, Tex., came from behind Thursday night to defeat Springfield 5-3 for the 1959 Pony Grad World Series baseball championship.

Springfield pushed across two runs in the fourth inning but Lufkin countered with five in the fifth and sixth innings to clinch the title.

**Swimming And Boxing**

There are five gold medals on tap today in each of the key sports of swimming and boxing.

In the water, the United States seems a cinch to sweep all five gold medals and probably all the silver and bronze prizes too.

In Thursday night's first five championship fights, the United States won with light welterweight Vince Shomo of New York, middleweight Willie McClure of Toledo, Ohio, and light heavyweight Amos Johnson, a southpaw from Stockton, Calif.

**Split Decision**

Even the one U. S. loser, featherweight Charlie Brown, a Marine from Cincinnati, had a beef coming. He dropped a controversial, split decision to Argentina's Carlos Aro although he forced the fight and did most of the scoring.

With the 15-year-old Chris von Salza leading the way, the United States won all four water events with 1-2-3 finishes. This made it eight-of-eight. In seven of these events, the Yanks have topped all three medals. In the other, they finished 1-2-4.

Miss von Salza, a tall blonde from Saratoga, Calif., who is aiming for an unprecedented five Pan American gold medals, got her first one in the 200-meter freestyle. She won in 2:18.3, besting her own mark made in the trials.

**Other Stars**

The same held true for Olympian George Breen, Indianapolis, in his winning time of 4:31.4 for the 400-meter freestyle. Olympian Frank McKinney, Indianapolis, retained his 100-meter backstroke crown with a fast clocking of 1:03.6.

Paula Myers Pope, Los Angeles, took the 3-meter springboard dive with 139.1 points.

Althea Gibson, former U. S. tennis champion, gave the United States its first women's tennis winner in Pan Am history by beating Mexico's Yolanda Ramirez, 6-4, 7-5, in the singles final.

Luis Ayala of Chile beat Canada's Robert Bedard, 6-4, 6-2, 6-3, for the men's title.

## IKE'S RECORD ON VETOES IS STILL INTACT

By JACK BELL

WASHINGTON (AP)—President Eisenhower's unbeaten record of never having had a veto overridden is establishing him as one of the toughest chief executives with which any Congress has dealt.

The one-vote margin by which 132 House Republicans and six Democrats sustained Eisenhower's veto of a \$1,216,000,000 public works bill Wednesday left the dominant Democratic majority mired in new political frustration.

As it had 143 times previously, Congress bowed to Eisenhower's rejection of a measure that a majority of both houses had supported previously. In comparison, 12 of Harry S. Truman's 250 vetoes and nine of Franklin D. Roosevelt's 631 vetoes were overridden.

**No Mean Accomplishment**  
Beyond his veto record, however, Eisenhower is demonstrating that a president who stands his ground can come close to getting what he wants out of a Congress overwhelmingly controlled by the opposition party.

This is no mean political accomplishment and politicians of both parties recognize it is likely to have some deep-seated effect on the outcome of next year's presidential and congressional elections.

Some leading Democrats admit privately that Eisenhower has grabbed the ball away from them and is making a lot of political yardage with his budget-balancing and anti-inflation maneuvers.

**Symbol Of Savers**  
His vetoes have all but destroyed the bold, imaginative programs Democratic leaders were talking about in January. Time after time they have had to tailor their production to fit the pattern laid down by the President, as

## Public Works Bill Is Being Revised

WASHINGTON (AP)—A House Appropriations Subcommittee has approved a revised public works appropriations bill after dropping from it projects President Eisenhower objected to when he vetoed the measure last week.

An effort to override the veto failed by one vote Wednesday.

The new House bill contains all Army Engineer and reclamation projects in the vetoed bill except for some 67 construction projects to which the president objected. Some of those 67 projects remain for planning funds since such funds had been recommended by Eisenhower.

The bill now goes to the full committee and then to the House, either of which may alter the measure.

## CALCUTTA HIT BY VIOLENCE FOR FOURTH DAY

CALCUTTA, India (AP)—Violence spread through Calcutta Thursday for the fourth straight day, and normal life in India's largest city was at a standstill.

A police official said the trouble was spreading and getting worse.

Gangs battled police in Howrah, a jute-processing suburb across the Hooghly River. The police opened fire, killing two of the rioters.

The situation in Howrah was considered to be getting out of control. Officials said no end to the trouble is in sight.

The violence developed from Communist-inspired demonstrations against the high price of rice. The Communists called a general strike today to protest rice prices and police gunfire Tuesday night which fatally wounded 10 rioters.

**Accuse Commies**  
Some officials accused the Communists of using the easily inflamed mobs from the port city's teeming slums in an effort to bring down the government of west Bengal State. Calcutta is the state capital.

In New Delhi, Prime Minister Nehru told Parliament troops had been alerted in Calcutta to stand by for action if the situation got out of hand.

Police opened fire at least three times in central Calcutta but no casualties were reported.

Roaming bands dominated the streets in large areas. Only a few shops were open in the central part of the city.

Michigan State was undefeated in 44 home football games from 1903 to 1910.

laid down by he President, as they seem likely to do in a new public works bill.

The general effect on this has been to draw a sharper line between the parties on the highly important economic issue. In the public mind, Eisenhower appears to have become to many the symbol of the "savers," battling the Democratic "spenders."

## 8 GOVERNORS WOULD CONFER ABOUT STRIKE

HARRISBURG (AP)—An appeal for a meeting with President Eisenhower to discuss how to end the nationwide steel strike has been made by the governors of eight of the states most seriously affected by the walkout.

Pennsylvania's David L. Lawrence joined Thursday with seven other governors in wiring the President for a meeting at the earliest possible moment.

"The damaging effect of the steel stoppage on our respective states is already critical and growing more so every day," they said.

**Pa. Had Hit**  
"We are anxious to give you a firsthand picture of its increasing impact upon our people."

Lawrence didn't say what specific action, if any, the governors would ask the President to take.

In addition to Lawrence, the wire was signed by Govs. Edmund Brown of California, Orville L. Freeman of Minnesota, Foster Furcolo of Massachusetts, Robert B. Meyner of New Jersey, Gaylord A. Nelson of Wisconsin, J. Millard Tawes of Maryland and G. Mennen Williams of Michigan.

Pennsylvania is one of the states hardest hit by the nationwide steel strike which has halted production of about 90 per cent of the nation's basic steel facilities.

Lawrence estimated the 168,200 steelworkers are affected in Pennsylvania alone with another 48,801 idled as an indirect result of the walkout.

## QUIGLEY FOR HIGHWAY BILL

WASHINGTON (AP)—Here is the roll call vote of Pennsylvania representatives as the House by a vote of 243-162 Thursday passed the highway financing bill, under which the federal gasoline tax would be raised a penny for the next 21 or 22 months:

Democrats for (7): William Clark, Daniel J. Flood, Elmer J. Holland, William S. Moorhead, Thomas E. Morgan, Stanley A. Prokop, James M. Quigley, George M. Rhodes and Francis E. Walter. Republicans for (10): Alvin R. Bush, Robert J. Corbett, Ivor D. Fenton, James G. Fulton, Carroll D. Kearns, James A. LaFore, William H. Milliken, Walter M. Mumma, John P. Saylor and James E. Van Zandt.

Democrats against (7): William A. Barrett, James A. Byrne, John H. Dent, Mrs. Kathryn Granahan, William J. Green Jr., Robert N. C. Nix and Herman Toll. Republicans against (3): William S. Curtin, Leon H. Gavin and Richard M. Simpson.

Republican Paul B. Dague was not listed as voting.

Bob Woodruff, head football coach at the University of Florida, was a standout tackle on University of Tennessee teams in 1936-37-38 which won 23 games and lost only five.

## Fears Veto On Coal Research Plan

WASHINGTON (AP)—Rep. John P. Saylor (R-Pa.) said today he fears a bill to set up an independent coal research commission will be vetoed by President Eisenhower.

If he does veto it, Saylor told a newsman, it will be because of administration objections to making the commission a separate agency rather than an arm of the Bureau of Mines.

The commission's purpose would be to find new uses for coal to perk up the industry.

Throughout its rocky course through Congress the bill had run into this objection. However, both the House and Senate went along with coal industry requests for an independent commission.

## TO CONFER ON N. Y. JUVENILE CRIME WAVE

NEW YORK (AP)—Mayor Robert F. Wagner and Gov. Nelson A. Rockefeller meet today to consider measures aimed at counteracting rising juvenile crime.

After separate sessions Thursday, the mayor and governor each said they favored a program of special youth camps akin to the Civilian Conservation Corps (CCC) of depression days. The state now has two work camps for young offenders.

The roundup of teen-age hoodlums continued with the arrest of four boys accused of stabbing 18-year-old Dominic Scudiere Wednesday. Held on assault charges were Israel Sannago, 18, his brother Ephraim, 16, and Victor de la Paz, 17. The fourth boy, 13, was held for Children's Court as a juvenile delinquent.

**Thoroughly Aroused**  
Scudiere and three chums were attacked by about 15 members of the Majestics gang on a Brooklyn street. Scudiere and his friends did not belong to any gang, police said.

The public and state and city officials have been thoroughly aroused by the surge in youth violence which has taken four lives since Aug. 23 and caused many injuries through stabbings, gunplay and beatings.

**Plan More Police**  
Within five hours after assertingly attacking a nurse in a subway train Thursday, a 14-year-old Negro boy was seized and recommended to the state training school at Warwick, N. Y. Police said the boy, Grant Young, tried to assault the nurse, Calara Reese, 23, by threatening her with an eight-inch carving knife. A conductor pulled the emergency cord and a subway patrolman captured Grant.

Wagner ordered City Budget Director Abraham D. Beame to divert 2½ million dollars from other programs to add 1,089 policemen to the force and bring it up to its full quota of 24,508 men. It was hoped that the additional patrolmen would be on the streets by Jan. 1.

## THREE CHICAGO COPS INDICTED ON DOPE COUNT

CHICAGO (AP)—A special grand jury probing the dope racket has indicted three Chicago policemen and a former federal narcotics agent on charges they were involved in a coast-to-coast narcotics distribution ring.

Seventeen others, many alleged narcotics peddlers, were named Wednesday in indictments which followed monthlong questioning of hundreds of witnesses, many brought here from prison cells.

The ring, the government said, was headquartered in Chicago and grossed \$75,000 every 10 days here alone.

The indictments were described as a major development in the Justice Department's drive against organized crime and racketeering.

The policemen, Sheldon E. Teller, Miles J. Cooperman, 29, and Richard E. Austin, 37, until recently all members of the police narcotics detail, were accused of giving protection to the ring for money.

This was done, the indictment read, "by advising their codefendants and coconspirators of the plans and activities of governmental agencies charged with the responsibility of enforcing the laws relating to illicit traffic in narcotics."

The former agent, Edward R. Gayles, 38, a Negro, now an attorney, was charged with conspiracy with six codefendants and eight alleged coconspirators for conspiring to import narcotics for sale and distribution in the United States.

**All Are Suspended**  
Police Commissioner Timothy J. O'Connor immediately suspended the three policemen.

Teller told newsmen he and the other detectives are innocent of any wrongdoing.

The three policemen were named in one indictment with conspiring, along with 10 others, in beginning in August 1954, to violate the law. Cooperman and Teller were charged in another of the six indictments with selling one-quarter kilogram of heroin to Otis Sears, a convicted dope peddler now in prison, for \$4,700 between January and April 1958.

George M. Belk, chief of the Federal Narcotics Bureau, said the investigation began in February after routine investigations uncovered conspiracies to import and sell drugs throughout the country.

In addition to Chicago, receiving points for narcotics disclosed by the investigation include Cleveland, Detroit, Miami, Los Angeles, San Francisco and Gary, Ind.

## World Briefs

**BUENOS AIRES, Argentina (AP)**—Secretary of War Elbio Anaya has ordered the arrest of 17 generals in a speedy counterattack against a large-scale rebellion within Argentina's army.

Garrisons throughout the country pledged allegiance to Gen. Carlos Toranzo Montero, who was fired by Gen. Anaya Wednesday.

**MOSCOW (AP)**—Izvestia Thursday accused Vice President Nixon of trying to cool the friendly feelings of plain Americans toward the Soviet people and the Soviet Union.

The Soviet government newspaper said Nixon again used the "typical language of the McCarthyite reactionaries" in his speech before the American Legion convention in Minneapolis two weeks ago.

(The vice president said in the speech it would be "naive and wishful thinking that the visit of Mr. Khrushchev to the United States will result in any basic changes in the Communist objective of world domination or their adherence to policies designed to achieve that goal.")

**NEW DELHI (AP)**—There have been some informal proposals to send U.N. observers to study the situation in Laos but no formal proposal has been made, Premier Nehru told Parliament today.

**HARRISBURG (AP)**—The Legislature has agreed to extend the deadline for the World War II veterans' bonus until the end of next year.

A new deadline of December 31, 1960 is set in a bill which the House passed, 183-0, Wednesday and sent to Gov. Lawrence for action. The previous deadline was last December 31.

Gerhard Schwedes, German-born halfback who led the Syracuse football team in rushing and passing last season, will be tried out at quarterback during fall drills.

Federal Narcotics Bureau, said the investigation began in February after routine investigations uncovered conspiracies to import and sell drugs throughout the country.

In addition to Chicago, receiving points for narcotics disclosed by the investigation include Cleveland, Detroit, Miami, Los Angeles, San Francisco and Gary, Ind.

## STRIKER GETS BELATED OFFER OF UNION FOOD

BETHLEHEM, Pa. (AP)—United Steelworkers Local 2599 has offered John Makos, a striking Bethlehem Steel Corp. laborer, the food allotment he claims was refused him Wednesday.

Makos said he was refused the food allotment regularly given to strikers following publication of a letter his wife had written to the Bethlehem Globe-Times. The letter was critical of the amount of food the union allotted to the Makos family.

John Pozivak, welfare director for USW Region 9, said Makos is definitely eligible for his food allotment. He said the dispute arose when Makos came to union headquarters Wednesday and became involved in an argument concerning the letter.

**Won't Accept It**  
Makos said he was told by one union official that "I don't think you're entitled to any union food if that's the way your wife feels about it."

Makos said he told the official: "What can I do? It's a free country. If she wants to write a

## Townships Voted New Tax Powers

HARRISBURG (AP)—The House has voted to broaden the taxing powers of the state's 1,500 second class townships, effective immediately.

The legislation would grant them the right to levy the same taxes as cities, boroughs and first class townships.

The House approval Wednesday, 186-0, completed legislative action on the bill. It now goes to Gov. Lawrence.

Under present law, these townships may levy head, real estate transfer, admissions and trailer occupancy taxes.

## "Hope Needs Aid Of Man's Actions"

By REV. MAYNARD S. BARNHART JR.

Pastor, Trinity Lutheran Church, Arendtsville

It seems to me that the old phrase, "God's in His heaven; all's right with the world," is uttered today with an evident lack of conviction. Our modern life which demonstrates to us the temporary, expedient nature of the lives we build gives us a note of hopefulness, but little else. The high resolve of former generations which fought wars "to end wars" and claimed the world for Christ in our time has faded into the past. More expression of our present condition is to be found in the parable of the man who shuffles through the twilight light of his years of a life largely wasted and squints skyward, searching for some ray of hope that his dismal future holds more than the chilling blackness of death. And so we all hope. We hope there'll be no third world war; we hope depression will be stayed on the one hand and inflation on the other and that prosperity will be infinitely ours. We hope that some "reasonable" answer will be found to the racial problem (one that will please everyone); we hope that freedom will win over tyranny. But you will see that there isn't much conviction or assurance in our hoping.

### Shadow Of Fear

Far more real and more evident is the crushing fact that we live, trembling under the black shadow of what we fear will happen. Instead of living in this fear; under the shadow of what might happen, we must live in the strength of what has happened. In the faith of what will happen. God triumphed through the saints and through our forefathers; and the disorder of man's today will become the design of God's tomorrow.

God will be victorious — of that we must be sure, but to share the victory, to bring this victory today, we must live in God's way (Not my will, but Thine be done).

We must know that our modern enthronement of science and knowledge will be as the idolatry of ancient Greece. We must see that our present worship of economic and political and diplomatic powers will be as the folly of Rome, now dust and history.

### See God's Way

We must see the rule of God's way, as old as space and time, and say with St. Paul, tongues shall cease; knowledge shall pass away; and then the only thing that will abide will be God's love. This is why Jesus had no fear; He loved. This is why the early Church conquered; it loved, and embraced even those who would kill it. This is why the slaves were freed and segregation outlawed; because God loves; loves all.

Let's not live by "if" or "maybe." Let's not wait and hope for something to happen, let's make something happen, in the night of God's own strength and by His will. Let's change our ways and start turning the world right side up by turning ourselves away from fear for ourselves towards confidence in God Who works within us. Let's begin living as if we really believe that God "is," and that He rules and loves.

We can know what love is, and we know how God wants us to use it. The Gospel isn't new, it's "news," and the power of God still fills it. I believe that the trouble with our world is: that we just don't believe Christianity works. We're prejudiced against it.

Turn the other cheek? "Not in your life. Then I'll get two black eyes." Give up your life in order to save it? "That's poor arithmetic." Love your enemies and feed them? "Then they will be just as strong as I am." By the way we ignore the Gospel we are saying to God: "It is idealistic nonsense." Yet how do we know? What right have we to say? Have we ever tried it?

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# CONVICTIONS ON SIGHT BY J. P. ILLEGAL, COURT RULES

PHILADELPHIA (AP) — The Pennsylvania Supreme Court has ruled that convictions on sight for violations of the Sunday Blue Laws are illegal.

The court issued its ruling Thursday in the case of Mrs. Jan Boylan, a cashier at a summer theater in Bristol, who was served a conviction notice last July 26 by Justice of the Peace Earl Dougherty.

The court ordered Dougherty to cease and desist from convicting alleged blue law violators on sight.

**Staged Two Raids**  
Dougherty staged two Sunday raids in which he issued several hundred conviction notices calling for a \$4 fine and \$9 in costs. The state received the fines, while Dougherty received the costs.

Dougherty, arguing his own case, told the court he was only enforcing the law.

Asked by Justice Benjamin R. Jones why he made the arrests, Dougherty said it was because of the action of Bristol Borough Police in rounding up merchants at the Bristol Fair on a previous Sunday.

**Each Confessed**  
He said that when Bristol police threatened to repeat the raid, he concluded it was a violation of the constitutional rights of the individuals.

**Handed Out Forms**  
Replying to a question by Justice Thomas D. McBride, Dougherty said none of the persons he served was given a hearing because each one confessed he was working on the Sunday involved. The court pointed out that an admission of working was not a statement of guilt.

## Church Stymied In Moscow Film

FORT WORTH, Tex. (AP) — The Southern Baptist Radio-Television Commission and the National Broadcasting Co. have been stymied in their efforts to film services at the First Baptist Church in Moscow.

The joint group planned to leave for Russia in July but were denied visas. However, commission head, Paul Stevens, says he has hopes visas will be issued in August or September.

Dougherty handed out a mimeographed form for on-sight convictions. The form designated the fines and costs payable at his office the following day.

Justice Jones said the Penal Code of 1939 specifically repealed the section of the 1794 act under which Dougherty thought he had the right to make summary convictions.

Meanwhile Mayor Richardson Dilworth of Philadelphia said that enforcement of the new, tougher Sunday sales law would be damaging to the community.

**Dilworth's Stand**  
The new law increases the fine for Sunday sales of various items from \$4 to \$100 and enlarges the list of items that may not be sold. It goes into effect Sept. 13.

In a non-political speech before the Junior Chamber of Commerce Thursday, Dilworth declared that rural legislators have been "completely hypocritical" about passage of these laws and have repeatedly refused to give the cities local option on them. Dilworth added:

"So I say I won't do anything to enforce them because a great city has to have some means of relaxation and recreation."

A Gettysburg art student, Ralph Shryock Jr., 20 (center), son of Mr. and Mrs. Ralph Shryock, Gettysburg R. 4, is shown presenting a painting of "Charley Weaver" to Cliff Arquette, left. The painting will hang in Arquette's Museum on Baltimore St. The painting was presented Thursday afternoon through arrangements made by Harvey White (right). Shryock, a graduate of Gettysburg High School, studied commercial art last year at York Junior College. He left today by plane for Chicago where he is enrolled in the American Academy of Art. Battlefield Edge Fruit Market In Midst Of Busy Season In Peach Harvest

The busiest time of the year is here for the Battlefield Edge Fruit Market about three miles south of here along the Emmitsburg Rd. Peach harvest time that spans late summer and early fall finds the biggest rush of business at the popular fresh fruit and vegetable market along Route 15 South.

Three generations of experience go into the operation of the roadside market. For years the Riggeal family operated a fine fruit farm and fruit stand along the old Lincoln Highway just east of Cashtown. James Riggeal, one of the partners that own and operate the Battlefield Edge Fruit Market, is a member of the third generation of that family that has seen years of experience in that line of business.

**Add Cold Room**

For the last four years Mr. Riggeal and Merle Shindler, formerly with Minter's store and the Strausbaugh market, have been operating the Battlefield Edge Market.

Much of the fresh fruit, berries and farm produce that are sold there the year around comes from the Riggeal farm at Cashtown. Some also is supplied from the Shindler truck farm at Orttanna.

This year extra display space has been added at the roadside market and a cold room has been built to aid in the overnight storing of fresh fruits sold there. A snack bar formerly operated there has been discontinued to make way for the expanding fruit and vegetable market business and for the growing trade in lawn ornaments and decorations.

**Sell Flagstones Too**

The colorful lawn ornaments catch the eye of tourists and local travelers alike as they drive along as do the baskets of peaches, pears, plums, the stacks of roast-

ing ears and stacks of pumpkins. To the assortment of ceramic, wood, metal or composition lawn ornaments that range from the popular and familiar figures to the bizarre and unusual, the market recently has added flagstones as a related part of exterior home decoration and improvement. Soon a red flagstone from the New England states will be added to the present assortment.

Seasonal fruit, berries and vegetables always are featured at the roadside mart, but there are staple products to be found there the year around.

Tasty homemade pickles, apple butter, jams, jellies and honey, in the comb or in jars, are steady favorites with customers at the market by the side of the road. Homemade bread from a nearby bakery is another popular item.

**Customers From All of U. S.**

Customers are drawn regularly from the steady flow of motorists that pass the stand. There have been customers there from every state in the union, including Hawaii and Alaska. And the frequent motorcades from Washington to the Eisenhower farm nearby also supply occasional customers for the market. The Nixons have bought there as have other Eisenhower guests.

A shaded picnic area to the rear of the market stands offer another attraction for tourists.

At the speak of its season's business now, the market will continue to operate daily through the fall and when winter comes it will revert to a weekends-only schedule when the weather is right.

HITS FAILURE TO OVERRIDE VETO BY IKE

HARRISBURG (AP)—The failure of Congress to override President Eisenhower's veto of the public works bill "is tragic for Pennsylvania," says Gov. Lawrence.

"Here in this state you can still see the ravages of floods of this past winter in the Meadville-Sharon-New Castle sections and in other parts of northwestern and central Pennsylvania, Lawrence

said in a statement Wednesday. "Despite these facts, it was the action of Pennsylvania congressmen which killed the measure that would have provided funds to prevent a repetition of these floods."

**Places Responsibility**

Lawrence said that if the congressmen who voted against overriding the veto "had remained true to their state and its people."

Pennsylvania would have been assured the flood control projects it needs so desperately.

He added that a large portion of the responsibility "rests squarely with the Pennsylvania Republican congressmen who voted wrong, but knew better."

All 16 Pennsylvania Democrats voted to override the veto. They were joined by only two state Republicans—Reps. Leon H. Gavin and Carroll D. Kearns.

The remainder of the Pennsylvania House delegation—12 Republicans—voted to sustain Eisenhower's veto.

Republican Reps. Willard Curtin and Ivor Fenton first voted to override Wednesday but then they went over to the other side and voted to sustain.

The House upheld by a single vote the President's veto of the \$1,216,000,000 public works bill.

died Wednesday in Abington Memorial Hospital.

SEEK FUNDS FOR POLICING

WASHINGTON (AP)—The Labor Department is seeking a two-million-dollar appropriation to start the vast corruption policing job given it under the labor control bill now clearing Congress.

The department doesn't know how much money and men it will need for the task but has requested that sum as a starter until next year.

Secretary of Labor James P. Mitchell, expecting a flood of

complaints related to corruption and forbidden union practices, plans to recruit a unit of agents to run down tips and bring violators to court if need be.

Mitchell, or those he designates, is being vested with blanket power to subpoena witnesses and records.

There was a movement too to set up a special Senate group to keep an eye on how well the law works out.

But it is the secretary of labor who, under the law, will be in charge of policing all major anti-corruption provisions and union democracy safeguards.

OLD FRIENDS  
TO BE MISSING  
FROM TV LIST

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—With the drums beating furiously for the new season of the new television season, no one except a few million viewers is giving much thought to the passing of some of our old friends with whom we have spent many an evening.

Highest mortality rate is encountered among the Westerns, since there were more of them in the first place. Among those which go to be seen no more—except as repeats—are Buckskin, Northwest Passage, the Californians, Yancy Derringer, Tombstone Territory and Cimarron City. In the adventure category, Steve Canyon, Naked City and Zorro will be among the missing.

**Dragnet Missing**

Li. Joe Friday, alas, will never make captain; after all these years Dragnet is missing from the fall lineup. It is a sad time for Jack Webb, who created Friday and got rich but tired of playing him year after year, because Pete Kelly's Blues, which he directed and believed in also has been dropped after a modest run. Brenner, a police drama which had a short life, goes too, and so does 21 Beacon Street. Another casualty is Ellery Queen, an hour-long show which never quite came off.

In the situation comedy field some old favorites will be missing. The Bob Cummings Show is

Littlestown  
SCHOOLMAN IS  
LIONS' SPEAKER

M. Francis Coulson, assistant superintendent of schools in Adams County, was the guest speaker at the first September dinner meeting of the Littlestown Lions Club Thursday evening in the social hall of St. John's Lutheran Church. Mr. Coulson spoke on the subject "The Advantages and Disadvantages of a Merged School District." In keeping with the "back-to-school" program theme, Miss Joan Barton, local junior high school student, sang a medley of college tunes. She was accompanied on the piano by Herbert J. Sell. A moment of silence was observed out of respect to Bernard M. Selby.

The 20th anniversary of the local club will be observed in connection with the November 19th meeting.

finished except for second run and so is December Bride. One of the fine, popular shows which really will be missed will be Phil Silvers' Sgt. Bilko series.

Some shows canceled now may pop up again around the first of the year when there are bound to be some casualties among the newcomers. Venerable Masquerade Party, for instance, has had a checkered but Phoenix-like career. And Ted Mack and the Original Amateur Hour has managed to survive many seasons of TV attrition too. Pantomime Quiz, of course, will just continue as a daytime show to await another summer when it probably will bloom once again on the nighttime schedule.

ing. The club was chartered on November 7, 1939. Marvin F. Breighner and Chester S. Byers were appointed to serve with Harry D. Feaser and John D. Basehoar in arranging the anniversary program.

Ladies' Night will be observed at the next regular meeting on Thursday, September 17, at 7 p.m. at St. John's. The program will be in charge of the convention committee composed of Ralph E. Newman, Erwin A. Rebert and John N. Sell.

Farewell Party  
For LaRue Epler

A social hour and farewell party were held on Wednesday evening after choir rehearsal at St. John's Lutheran Church in honor of LaRue O. Epler, who has been choir director for the last year while a teacher in the local school. Mr. Epler has accepted a teaching position in Chambersburg, and he was presented with a gift in appreciation by the choir, as a farewell remembrance. Those in attendance were Mr. and Mrs. Epler and daughter Susan, Pastor Karns, Mr. and Mrs. Stanley Mummert, Mr. and Mrs. Albert Starner, Mr. and Mrs. Edgar E. Yealy, Mr. and Mrs. Glenn E. Unger, Mr. and Mrs. Ronald W. Strevig, Mrs. Malcolm I. Hess, Mrs. Kenneth Bortner, Mrs. Jay D. Basehoar, Mrs. Fred W. King, the Misses Minnie Warner, Joyce Strevig, Kathy Miller, Brenda Hollinger, Linda Strevig, Bonnie Storm, Jane Wantz, Melinda Karns and Bonnie Greene.
